MATERIAL FACT

The management of TOTVS S.A. ("TOTVS") and DATASUL S.A. ("Datasul") (TOTVS and Datasul jointly referred to as "Companies"), pursuant to CVM Rules 358/02 and 319/99, as amended, and supplementing the information disclosed in a Material Fact on July 22, 2008, hereby inform the Boards of Directors of both Companies approved, on this date, the submission to their respective shareholders, in extraordinary general meetings to be held on August 19, 2008, a proposal for the corporate reorganization of both Companies into one single group ("Operation"), by means of (i) a merger of Datasul's shares by Makira do Brasil S.A. ("Makira"), a subsidiary of TOTVS; and, subsequently, (ii) a merger of Makira by TOTVS, so that Datasul's shareholding structure is joined to TOTVS's shareholding structure.

1. Purposes and Summary of the Operation's Structure:

1.1. The key terms and conditions of the proposal to be submitted to the Extraordinary General Meetings of the Companies are described below.

- (i) Approval of amendment to Articles 20 item (v) and 34 item (c) of Datasul's Bylaws so as to allow for, respectively, (a) Datasul's Board of Directors to have the competence to declare interim and periodical dividends, as well interest on own capital; and (b) dividend distribution to shareholders based on resources allocated to Datasul's Development Reserve;
- (ii) Eventual resolution, by Datasul's Board of Directors on the distribution of Datasul's dividends, conditioned to the approval of the Merger of Datasul's Shares, with payment in up to thirty-five (35) days counted from the date of publication of the

- (iii) Merger of Datasul's Shares by Makira, at market value, pursuant to the respective Protocol of Merger and Justification, resulting in the issuance, by Makira, of common and preferred callable shares, on behalf of the shareholders of Datasul holding shares on the date of the respective resolution;

- (v) Still in the same act, in a different and subsequent resolution, merger of Makira by TOTVS, pursuant to the respective Protocol of Merger and Justification, with the absorption of Makira's net assets, appraised at market value, considering the effects of the Merger of Datasul's Shares, and the winding up of Makira, as well as the election of Mr. Miguel Abuhab as a new member of TOTVS's Board of Directors. As a result, TOTVS's common shares will be issued on behalf of Datasul's Former Shareholders, now shareholders of Makira;
- (vi) As a result of the Merger of Makira, the group of Datasul's Former Shareholders will hold four million, four hundred and sixty-four thousand (4,464,000) common shares issued by TOTVS; and

The Merger of Datasul's Shares, followed by the Merger of Makira, will allow for Datasul and TOTVS to integrate their activities, resulting in a more efficient structure, with potential savings in combined expenses, in addition to allowing for the growth of both companies.

2. Acts which Preceded the Operation:

2.1. Prior to the implementation of the Operation, the Boards of Directors of TOTVS, Makira and Datasul approved, respectively, the Protocol and Justification of the Merger of Shares Issued by Datasul by Makira, and the Protocol and Justification of the Merger of Makira by TOTVS, as well as the operations subject of the abovementioned documents and the summoning of the Extraordinary General Meetings of both Companies to resolve on the matters related to the Operation, and the abovementioned Protocols and Justifications were signed by the Managements of both Companies and of Makira.

3. Criteria for the Appraisal of Datasul's Shares and of Makira's Shareholders' Equity.

Merger of Datasul's Shares

3.1. The market value of Datasul's shares to be merged by Makira, not considering the eventual distribution of dividends to be resolved on by Datasul's Board of Directors, is of five hundred sixty-three million, four hundred forty-nine thousand, nine hundred seventy-three reais and twenty-six centavos (R\$563,449,973.26), amount supported by an appraisal report referred to in item 3.3. below. Considering this assumption, the proposal is that out of this amount, four hundred ninety-four million, three hundred twenty-nine thousand, four hundred ninety five reais and sixty-six centavos (R\$494,329,495.66) are allocated to form Makira's capital reserve; and sixty-nine million, one hundred twenty thousand, four hundred seventy seven reais and sixty centavos (R\$69,120,477.60) to Makira's capital increase, with the issuance of fifty-seven million, six hundred thousand, three hundred ninety-eight (57,600,398) shares, of which twenty-eight million, eight hundred thousand, one hundred ninety-nine (28,800,199) common shares and twenty-eight million, eight hundred thousand, one hundred ninety-nine (28,800,199) callable preferred shares, all of them registered and non-par, to be subscribed by Datasul's management, for the account and at the order of its shareholders, pursuant to article 252, paragraph 2, of Law 6.404/76, and paid-up against the transfer of the shares issued by Datasul to Makira's equity. In the case of dividend distribution, the shares' market value will be adjusted at the exact amount of the distribution, and the amount to be allocated to the capital reserve shall reflect this adjustment, and the amount to be allocated to the capital increase shall be maintained.

3.2. Makira's capital stock, immediately after the Merger of Datasul's Shares, will be split into fifty-eight million, three hundred twenty-nine thousand, six hundred and three (58,329,603) shares, of which twenty-nine million, five hundred twenty-nine thousand, four hundred four (29,529,404) common shares and twenty-eight million, eight hundred thousand, one hundred ninety-nine (28,800,199) callable preferred shares, and the entirety of the shares issued by Datasul will be owned by Makira, of which Datasul will become a wholly-owned subsidiary. After the following resolution and the approval of the redemption of the callable preferred shares, Makira's capital stock will consist solely of twenty-nine million, five hundred twenty-nine thousand, four hundred four (29,529,404) common shares.

3.3 The Merger of Datasul's Shares at market value will be supported by an appraisal report prepared by APSIS Consultoria Empresarial Ltda., a limited company, headquartered in the City of Rio de Janeiro, State of Rio de Janeiro, at Rua São José, n.º 90, grupo 1.802, CNPJ/MF n.º 27.281.922/0001-70 ("Apsis"), whose appointment shall be ratified by the Extraordinary General Meeting which will resolve on the Merger of Datasul's Shares, pursuant to article 252, paragraph 1 of Law 6.404/76. Apsis has declared inexistent any conflict or common interests, current or potential, with regard to Datasul's or Makira's shareholders, to the companies, or to the Merger of Datasul's Shares itself.

Makira's Merger

3.4. After the approval of the redemption of shares and eventual resolution on the distribution of dividends of Datasul, Makira's net assets' to be merged by TOTVS, will total eighty-four million, three hundred twenty-five thousand, nineteen reais and twenty-six centavos (R\$84,325,019.26), amount which is based on the net book value of Makira's net assets, to be calculated by Apsis, considering the resolution on the redemption of Makira's shares and Datasul's eventual payment of dividends. Considering TOTVS's interest in Makira's capital stock, Makira's Merger will result in an increase of TOTVS's equity worth eighty-three million, four hundred forty-nine thousand, nine hundred seventy-three reais and twenty-six centavos (R\$83,449,973.26), resulting in an increase in TOTVS's capital stock in the amount of sixty-nine million, one hundred twenty thousand, four hundred seventy-seven reais and sixty centavos (R\$69,120,477.60), with the issuance of four million, four hundred sixty-four thousand (4,464,000) common shares, to be subscribed by Makira, for the account and at the order of its shareholders, pursuant to article 227, paragraph 2, of Law 6,404/76, and paid-up against the transfer of Makira's shareholders' equity to TOTVS's equity. The amount of fourteen million, three hundred twenty-nine thousand, four hundred ninety-five reais and sixty-six centavos (R\$14,329,495.66) will be allocated to TOTVS's capital reserve.

3.5 The Merger of Makira at net book value is supported by an appraisal report prepared by Apsis, whose appointment shall be ractified by the Extraordinary General Meeting which will resolve on the Merger of Makira, pursuant to article 227, paragraph 1 of Law 6,404/76. Apsis has declared inexistent any conflict or common interests, current or potential, with regard to Datasul's, Makira's or TOTVS's shareholders, to the companies, or to the Merger of Makira.

3.6. The equity variations which take place at Makira from December 31, 2007 ("Reference Date") to the date the Merger of Makira becomes effective will be exclusively absorbed by TOTVS.

4.2. TOTVS has contracted, exclusively for its best interest, investment bank JP Morgan as an advisor to prepare a financial appraisal for TOTVS's Board of Directors and support the referred decision-making process with regard to (i) the number of shares representing TOTVS's capital stock to be assigned to Datasul's former Shareholders due to the Merger of Makira, and (ii) the compensation of Datasul's Former Shareholders in the amount of four hundred eighty million (R\$480,000,000.00) reais, which includes the amount of the redemption of Makira's callable preferred shares and eventual dividends of Datasul to be issued pursuant to item 2.1.1(b) above, inclusively against the delivery of opinion (fairness opinion), dated from July 23, 2008, based on and subject to the factors and assumptions

Merger of Datasul's Shares

4.3. Datasul's shareholders will be assigned one (1) common share and one (1) callable preferred share of Makira for each Datasul common share owned by them, resulting in the total issuance, by Makira, of fifty-seven million, six hundred thousand, three hundred ninety-eight (57,600,398) shares, of which twenty-eight million, eight hundred thousand, one hundred ninety-nine (28,800,199) are common shares, and twenty-eight million, eight hundred thousand, one hundred ninety-nine (28,800,199) are callable preferred shares, all of them registered and non-par ("New Shares").

4.6. Prior to the resolution on the Merger of Datasul's Shares, Datasul's Board of Directors might resolve on a dividend distribution. Should the aforementioned distribution be approved, the payment of the dividends shall take place in up to thirty-five (35) days after the date of the publication of the minutes of Datasul's shareholders' General Meeting which resolves on the distribution of dividends.

4.7. Immediately after the issuance of New Shares, Makira will resolve on the redemption of the entirety of callable preferred shares issued by Makira itself, which will be, in up to thirty-five (35) days after the date of the publication of the minutes of Makira's shareholders' General Meeting which resolves on the redemption, paid by TOTVS in the capacity of successor of Makira's liabilities as a consequence of the Merger of Makira. As a result of the redemption of the entirety of callable preferred shares issued by Makira, Datasul's Former Shareholders will be entitled to receiving a global amount of four hundred eighty million reais (R\$480,000,000.00) after an eventual amount distributed as dividends pursuant to item 4.5 above, so that the total amount of dividends and redemption of Makira's preferred shares is equivalent to four hundred eighty million reais (R\$480,000,000.00). Once redeemed, the aforementioned redeemable shares will be subsequently cancelled, against capital reserve formed as described below, with no reduction in Makira's capital stock.

4.10.2.
