1. MESSAGE FROM THE CHAIRMAN

São Paulo, March 17th, 2017

Dear Shareholder,

In 2016, we had a significant progress in the transition from the licensing model to the software subscription model in 2016. This progress is evidenced by the 21.4% growth in subscription revenue, which contributed to the stability of the software revenue in the year, despite the worsening economic scenario observed throughout the period.

We reinforced the Company's corporate governance structure with the publication of our first Integrated Reporting and the creation of the Governance and Designation Committee. We renewed a part of the vice-presidents and officers in 2016, with the hiring of new executives aligned to the culture of a subscription-based company, as part of the Company's succession plan. Today, we have a collaborative, digital and results-driven team that uses technology and business knowledge to promote innovation and understands that the client success is also our success.

We made progress in integrating Bematech operations and expanded our market share in the micro segment with the launch of Bemacash, a solution that combines the management software Fly01 of TOTVS with Bematech's hardware solutions, and Fly01 Start, an agnostic application that functions as a point-of-sale integrated with the new generation of payment terminals. We also intensified our investments in the specialization of our solutions, in mobile and cloud, developing specialized solutions for clients of our clients, thus making the management of their businesses even more efficient.

We will continue our journey to make TOTVS a "Single Subscription Company", promoting the digital transformation in our clients through specialized business solutions, digital platforms, cloud infrastructure, mobility and Internet of things. The progress made in the transition to subscription over the last 18 months, combined with the Company's investments and the opportunities in Brazil, give us the confidence that TOTVS is on the right path to resume growth and profitability in 2017.

Thus, I invite the shareholders to read this manual, which details the matters to be discussed at the Ordinary and Extraordinary General Shareholders' Meeting on April 20th, 2017, **in our new headquarters**. Among the matters to be appreciated are the approval of the financial statements related to the fiscal year of 2016, the annual global compensation of the members of the Board of Directors and Executive Officers for 2017; the proposed of capital budget for 2017, the proposal for the allocation of the 2016 net income; the election of 3 new members of the Board of Directors and the capital increase through the capitalization of the profit retention reserve.

Sincerely,

Pedro Luiz Barreiros Passos
